We are excited to introduce Our Lady of Lourdes Middle School Academy, an innovative 7th-8th grade program to be housed in the fourth floor Learning Commons at Judge Memorial. Based on the Salt Lake Diocese’s strategic plan, and in conjunction with the recent study and recommendation from Catholic School Management, the Lourdes Academy will open its doors in the fall of 2021.

This forward-thinking model combines the talented and nurturing faculty at Lourdes with master teachers at Judge Memorial to offer enhanced academic and exploratory curriculum, increased student support services, extracurriculars, athletics, and one convenient location on the high school campus. By integrating Lourdes Middle School with Judge Memorial, the rich history of both schools is being honored having once shared the same building in the mid-20th century. It also comes as Judge Memorial celebrates its 100-year anniversary.

Our Lady of Lourdes Middle School Academy, modeled after thriving Catholic campuses across the nation, paves the way for the eventual creation of a unified Catholic school campus in the northern portion of the Salt Lake Valley for children of all ages.
